

Western Regional Emergency Medical Advisory Committee

Title: Ambulance Transportation	Effective Date: June 28 1999 Page: 1 of 1
Policy #1999-7	Revised: May 2004

Policy:	Ambulances, which are accessed by the general public via calling 911 or other emergency numbers, are ONLY to transport patients to Article 28 facilities.
Procedure:	Any Article 28 facility that maintains some form of emergency services is to accept ALL ambulances brought to it. There are to be no cases in which a facility acts to select which ambulance cases are brought to it and which it re-routes to other facilities.
Reference:	Memorandum sent out by Dr. Gregory Young to all hospital CEOs, and all Emergency Department directors, dated June 28, 1999
