

Western Regional Emergency Medical Advisory Committee
Meeting Minutes
June 15, 2016

Chair: Dr. Brian Walters called the meeting to order at 1:00 p.m.

Voting Members: 9

Non Voting Members: Attached attendance sheet

See attached motion table

TOPIC	DISCUSSION	ACTION
APPROVAL OF PREVIOUS MINUTES	May Minutes Approved	MOTION 16-18
CORRESPONDENCE	Reviewed	
SEMAC/SEMSCO BART/WALTERS/TAKATS	Next meeting scheduled for September 13-14, 2016	
WREMAC CHAIR REPORT	No report	
TRAUMA ADVISORY COMMITTEE BETH MOSES	No report	
NURSE ADVISORY COMMITTEE BRUCE TRZEPACZ	First meeting held in the beginning of June...minutes are attached.	
PREHOSPITAL COMMITTEE G. GILL	Committee has been removed as an Agenda Item and will be added as an ADHOC as needed	
PROGRAM AGENCY REPORTS A. BIG LAKES B. SOUTHWESTERN C. UBMD EMS DIVISION	See attached	
INTERFACILITY TRANSPORT PROTOCOLS - J. TEUSCHER	Committee has been removed as an Agenda Item and will be added as an ADHOC as needed	
ALS PROTOCOLS CLEMENCY	No report	
QUALITY IMPROVEMENT A LJUNGBERG	The committee was reviewing an appeal from a provider to have his privileges reinstate. The appellant will remain on full restriction and is not eligible for privileges within the 8 county Western REMAC for one year from the date when he lost privileges- October 12, 2015. On or after October 12, 2016, the appellant may apply for privileges but MUST disclose this sanction on all future Provider Privilege Applications. Further, the appellant must notify the prospective service(s) and their Medical Director(s) of this sanction prior to any offer of employment or membership as an EMS provider. Any prospective Medical Director is strongly encouraged to QA all patient care activities by the appellant for a minimum of 1 year from being placed back 'on-line'."	
EQUIPMENT COMMITTEE M. KENYON	Committee has been removed as an Agenda Item and will be added as an ADHOC as needed	
RESEARCH / EDUCATION		

B. CLEMENCY		
AD HOC NATIONAL STANDARDS COMMITTEE-CLEMENCY	No report	
OLD BUSINESS	<ol style="list-style-type: none"> 1. Collaborative Protocols – the Educational materials to start in-servicing all providers is schedule to be ready by September 2016. 2. Provider Privilege Applications are due by June 30th – NO EXCEPTIONS. Program Agencies are asked to work with agencies and Medical Directors to make sure everyone is compliant. 	
NEW BUSINESS	<ol style="list-style-type: none"> 1. AEMT – Critical Care. The state says they are not doing away with EMT –CC but that they are also not going to update the Educational materials to support the level. So the question is what do we do with the existing EMT-CC’s and do we keep training new CC’s? Will be discussed further at the September WREMAC meeting. 2. e-PCR’s – Mike Taylor from the DOH Central Office was at the meeting to discuss getting all agencies on board with e-PCR so we can move away from paper PCR’s. He stated that if an agency wants to be an ALS agency they are going to have to be on e-PCR. There was a motion to create a work group including members of the Program Agencies and Councils to find out where we stand as a region with e-PCR enrollment and what we need to do moving forward to get all agencies on board. The work group will present its discussion/comments to the WREMAC members at the September meeting. Please email Karen if you are interested in joining this work group. 3. Dr. Walters asked that the Program Agencies submit a list by July 15th letting him know the status of PPA submissions for the agencies within their respective regions. 4. Dr. Walters asked that the Program Agencies send in a list of agencies within their respective regions letting him know how many agencies are using e-PCR vs paper PCR (broken down by level of care) and another list stating how many CC’s they currently have with in their regions. 5. Big Lakes’ letter to add Laurie Schwab as an At-large WREMAC representative was not passed on the grounds that the At- Large positions need to be filled by a physician. 6. Motion to allow Dr. Walters to do approvals over the summer. 7. Medical Director Approval for Little Valley VFD – Hudzinski to Lamothe, Albion FD – Ellie to Farney, Mortons Corners Patel – Wenner, Memorial FC Cloud – Bart, South Line – Jehle – termination notice was sent to Andy Atkinson 8. PAD NOI notifications West Valley Central School, Special Metals Corporation, Fibercel Packaging LLC, Office of the State Comptroller, Eagle 	<p>MOTION 16-19</p> <p>MOTION 16-20</p> <p>MOTION 16-21</p> <p>MOTION 16-22</p>

Naloxone participation notification for Little Valley VFD, Memorial FC, Harris Corners and North Java</p> <p>11. Check & Inject NY Notification for Cattaraugus Area Ambulance, East Seneca VFC</p> <p>12. CPAP Approval for Little Valley VFD, Mercy Flight and CIRVFD</p> <p>13. e-PCR approval for Little Valley VFD, Rapids FD</p>	
ISSUES FROM THE FLOOR	None	
ADJOURNMENT	Adjourn – Dr. Lynch	MOTION 16-23

THE NEXT WREMAC MEETING WILL BE HELD ON SEPTEMBER 21ST AT 1PM AT THE LAKE PLAINS OFFICES IN BATAVIA.

2015-16 Motion Table – Western Regional Emergency Medical Advisory Committee

#	DATE	MOTION	MADE BY	SECOND	ABSTAIN	NAY	APPROVED
15-01	1/21/2015	Motion to accept the September 17, 2014 meeting minutes	Dr. Bart	Dr. Lynch			
15-02	1/21/2015	<p>Motion to make changes to the following changes to the WREMAC protocols:</p> <p><u>Medical: ALLERGIC REACTION / ANAPHYLAXIS Protocol</u>- This would allow AEMT's to administer epinephrine to adult patients by drawing up the medication and administering it IM, rather than just allowing auto-injector use. This skill was moved from the CC to the AEMT level in the proposed changes and is consistent with AEMT protocols currently in use in the Central New York EMS Protocols.</p> <p><u>Procedure: AIRWAY MANAGEMENT Protocol</u>- Adds surgical airways for paramedics credentialed by their medical director, this is currently allowed in several protocols across NYS including the Collaborative Protocols.</p> <p><u>CPAP Changes</u> - In anticipation of final approval of a statewide BLS CPAP protocol, the WREMAC CPAP protocol and other protocols that include CPAP have been amended to be more consistent with the proposed statewide protocol. Even when these changes are approved by the WREMAC, CPAP will only be approved for use at the BLS level when the Bureau of EMS officially approves and implements these changes, and when an agency is credentialed to do so by their medical director. The following protocols have been revised: Procedure: AIRWAY MANAGEMENT, Procedure:</p>	Dr. Kenyon	Dr. Bart			X
			Dr. Walters	Dr. Faulk	Dr. Bart		X
			Dr. Walters	Dr. Bart			X

		<p>CONTINUOUS POSITIVE AIRWAY PRESSURE, Respiratory: ASTHMA/ COPD, Respiratory: ACUTE PULMONARY EDEMA, Procedure: PEDIATRIC AIRWAY MANAGEMENT, Pediatric: ACUTE ASTHMA.</p> <p><u>ADULT PAIN / NAUSEA / SEDATION Protocol</u> - The morphine dose and interval for repeat dosing remains the same, but the maximum dose has been clarified. Fentanyl has been moved to standing order, where it was previously a medical control option. Fentanyl is becoming a more commonly utilized analgesic in EMS throughout the country and in other regions of NYS. With all ALS agencies now being required to carry narcotics, many agencies in the region have been approved to carry fentanyl in their controlled substance plans. The fentanyl dosing was taken from that currently utilized in the Collaborative Protocols. The midazolam dose in this protocol was revised to be consistent with the dose in the Medical: SEIZURES Protocol. Previously the doses were slightly different, and this was thought to be confusing to providers and a potential for medication errors.</p> <p><u>Pediatric: DIABETIC EMERGENCIES Protocol</u> - The intranasal route of administration for glucagon was added. Intranasal glucagon was already in the adult protocol, but has been specifically added to the pediatric protocols.</p> <p><u>Pediatric: SEIZURES & Pediatric: PAIN /NAUSEA / SEDATION Protocols</u> - Under the current protocols there was no differentiation in midazolam dosing based on route of administration. In certain instances, the IV dose could have exceeded our adult midazolam dose. These</p>	<p>Dr. Teuscher</p> <p>Dr. Teuscher</p> <p>Dr. Teuscher</p>	<p>Dr. McGee</p> <p>Dr. McGee</p> <p>Dr. McGee</p>			<p>X</p> <p>X</p> <p>X</p> <p>X</p>
--	--	--	---	--	--	--	-------------------------------------

		<p>discrepancies were clarified to differentiate dosing based on route of administration as well as maximum doses to not exceed current adult protocols. The midazolam doses are also standardized between both pediatric protocols for consistency.</p> <p><u>Intranasal Administration</u> - As intranasal atomizers have become a routinely stocked item on many ambulances due to the NYS BLS intranasal naloxone policy, this route of medication administration is a viable option for many agencies. The accompanying protocol revisions now specifically mention the intranasal route for all adult and pediatric protocols that include fentanyl, midazolam, and glucagon. Under the current protocols IN was listed for these medications in some, but not all the protocols. These three medications along with naloxone are the most commonly administered medications given intranasally with good data supporting their absorption, clinical efficacy, and safety. This will specifically allow for more rapid medication administration when an IV is not immediately available.</p> <p><u>Medical: SEIZURES Protocol</u> - The wording of midazolam dose was reworded to be more consistent with other protocols, however, the dose remains the same.</p>	Dr. Teuscher	Dr. McGee			X
		<p><u>Medical: SEIZURES Protocol</u> - The wording of midazolam dose was reworded to be more consistent with other protocols, however, the dose remains the same.</p>	Dr. Teuscher	Dr. McGee			X
